

918 Base and Weissach Packages

Exterior

Carbon Fiber

- Base Package optional with side mirrors, roof or rear wing in visible carbon fiber
- Weissach Package standard with side mirrors, roof, rear wing and windshield surround in visible carbon fiber

Standard paint

- Four layers of paint are applied on carbon fiber reinforced plastic (CFRP)

Liquid Metal Silver and Liquid Metal Chrome Blue

- Makes the surface of the 918 Spyder appear to be made of liquid metal
- Special depth effect creates light reflections that highlight the design lines
- Liquid metal is applied to CFRP
- Ten layers of paint are applied on CFRP
- Application of two 'sacrificial' paint layers which comprise six individual paint layers which are repeatedly sanded lightly in a technical process to ensure that the individual layers bond perfectly
- Metallic particles in the paint are arranged perfectly horizontally in comparison to customary metallic paints so that there is no overlapping of the particles
- Paint layers are noticeably thinner and have a more brilliant look
- A final thicker clear lacquer layer than the standard paint finish is applied and repeatedly polished using a technical process

Stone Guard

- Transparent protective film placed over the exterior finish
- Applied to the debris damage susceptible parts of the vehicle's body

918 Spyder Wheel Painted Platinum Satin

- Optional with Base and Weissach Packages
- 918 Spyder wheel finished in Platinum Satin

918 Spyder Magnesium Wheel

- Wheels inspired by the RS Spyder race car
- Made of forged magnesium achieving maximum stability and rigidity with the least amount of material
- All surfaces reconditioned including the individual wheel spokes offering an extremely light, very torsion and flexional resistant, structure without impairing the basic strength of the wheels
- Flexural strength increased by up to 80 % in comparison to the standard 918 Spyder wheels
- 6.5 pounds per wheel lighter than the standard 918 Spyder wheel
- High quality titanium colored paint finish
- Optional with Base Package secured using an anodized titanium colored central locking device including the wheel hub cover with colored Porsche Crest
- Standard with Weissach Package secured using an anodized red on the left and blue on the right colored central locking device including the wheel hub cover with colored Porsche crest

918 Base and Weissach Packages

Interior

Leather Interior Onyx Black/Garnet Red with Piping in Acid Green/Silver /Silver

- Covered in Onyx Black/Garnet Red Leather
 - Driver/passenger seats with embossed Porsche crest
 - Dashboard (upper and lower section)
 - Door panel armrest (deleted in Weissach Package)
 - Door panel trim
 - Center console armrest (Black Alcantara in Weissach Package)
 - Center console side panels
 - Leather items above door panel (A- pillar trim, roll-over bar trim, sun visors)
- Covered in Onyx Black Leather
 - Steering wheel rim (Black Alcantara in Weissach Package)
 - Steering wheel airbag module cover
- Finished in Acid Green/Silver
 - 918 Spyder logo embroidered on driver/passenger seats
 - Decorative piping

Authentic Leather Overview

- Original matte finish of the leather is preserved and its natural structure retained
- Environmentally friendly due to use of renewable tanning agents and organic pigments
- Thicker material to enhance seat comfort
- Creates a contrast against the innovative materials and control layout in the interior
- Over time the leather will age developing a unique patina

Authentic Leather Interior Onyx Black with Piping in Acid Green/Silver

- Covered in Authentic Onyx Black Leather
 - Driver/passenger seats with embossed Porsche crest
 - Dashboard (upper and lower section)
 - Door panel armrest (deleted in Weissach Package)
 - Door panel trim
 - Center console armrest (Black Alcantara in Weissach Package)
 - Center console side panels
 - Leather items above door panel (A- pillar trim, roll-over bar trim, sun visors)
- Covered in Onyx Black Leather
 - Steering wheel rim (Black Alcantara in Weissach Package)
 - Steering wheel airbag module cover
- Finished in Acid Green/Silver
 - 918 Spyder logo embroidered on driver/passenger seats
 - Decorative piping

918 Base and Weissach Packages

Interior

Authentic Leather Interior Mocca Brown with Piping in Silver/Orange

- Covered in Authentic Mocca Brown Leather
 - Driver/passenger seats with embossed Porsche crest
 - Dashboard (upper and lower section)
 - Door panel armrest (deleted in Weissach Package)
 - Door panel trim
 - Center console armrest (Black Alcantara in Weissach Package)
 - Center console side panels
- Covered in Authentic Onyx Black Leather
 - Leather items above door panel (A- pillar trim, roll-over bar trim, sun visors)
- Covered in Onyx Black Leather
 - Steering wheel rim (Black Alcantara in Weissach Package)
 - Steering wheel airbag module cover
- Finished in Silver/Orange
 - 918 Spyder logo embroidered on driver/passenger seats
 - Decorative piping

Leather Interior Color to Sample Overview

- Optional with Base and Weissach Packages
- Only available in conjunction with leather interior in color to sample (catalog) or leather interior in color to sample (individual) with the choice of piping in color to sample from the list of standard 918 colors or individual color list
- All priced separately

Leather Interior Color to Sample

- Covered in Leather to Sample
 - Driver/passenger seats with embossed Porsche crest
 - Dashboard (upper and lower section)
 - Door panel armrest (deleted in Weissach Package)
 - Door panel trim
 - Center console armrest (Black Alcantara in Weissach Package)
 - Center console side panels
- Covered in Onyx Black Leather
 - Leather items above door panel (A- pillar trim, roll-over bar trim, sun visors)
 - Steering wheel rim (Black Alcantara in Weissach Package)
 - Steering wheel airbag module cover
- Finished in Color to Sample
 - 918 Spyder logo embroidered on driver/passenger seats
 - Decorative piping

Seat Pad for Lightweight Bucket Seats

- Trim piece specifically made for the carbon part of the side bolster in the area between the seat surface and backrest on the door sill side for both driver and passenger
- Increases comfort when getting in to the vehicle especially when the seat position is high

918 Base and Weissach Packages

Interior

Lightweight Bucket Racing Seats

- Seats finished in the same structure as the standard version with the same seat and side contours and design
- Firmer foam material in the side bolsters of both the seat backrest and base to achieve a harder upholstery allowing for increased lateral support

Multifunction Sport Steering Wheel Leather/Alcantara

- Base Package
 - Rim finished in smooth leather in interior color
 - Optional Alcantara finish
 - Shift paddles brushed aluminum finish (except with optional Carbon Fiber Interior Package)
- Weissach Package
 - Rim finished in Alcantara
 - Optional smooth leather finish
 - Shift paddles polished carbon fiber finish

2 Zone Automatic Climate Control

- Standard with Base Package
- Deleted with Weissach Package
- Optional with Weissach Package to add evaporator and other systems back in to the vehicle for 2-zone automatic climate control

Burmester High-End Surround Sound System and Storage Compartment

- Standard with Base Package
- Deleted with Weissach Package
- Optional with Weissach Package to add Burmester High-End Surround Sound System (speakers, amplifier) and glove and center console storage compartments with Universal Audio Interface

Carbon Fiber Interior Package

- Optional with Base Package
 - Dashboard center trim
 - Center console surround
 - Center transmission tunnel trims (left/right)
 - Paddle shifters
 - Door handle pulls finished in anodized Black
- Standard with Weissach package
 - Door handle pulls finished in carbon weave finish

Glare Reducing Interior Package

- Reflections in the windshield may occur due to piping in a contrasting color on the dash particularly a Black interior with piping in Acid Green
- Piping on the switch panel in Black instead of a contrasting color
- Defroster trim in matte visible carbon fiber
- Upper part of the door panel in matte visible carbon fiber

918 Base and Weissach Packages

Mechanical

Electric Comfort Heating

- Standard with Base Package
- Deleted with Weissach Package
- Optional with Weissach Package to add Electric Comfort Heating
- When the combustion engine is switched off (using only electric operation) the waste heat emitted by the combustion engine cannot be used to heat the cabin. Accordingly, the vehicle cannot be heated when using only electric power while driving. The optional electric comfort heating makes heating the cabin even when only using electric powered driving possible
- Consists of an electric PTC heater (Positive Temperature Coefficient) acting as an auxiliary heater by means of a separate water-heating circuit to be able to provide heat as quickly and efficiently as possible when the combustion engine is switched off
- Self-regulating PTC heater adjusts the heat generated automatically and demand optimized according to the temperature selected
- Receives its energy from the traction battery and therefore reduces the vehicles electric range when using electric operation only
- Additional weight of approximately 8.8 lbs

Electrical Sockets

- Supply Cable for NEMA 6-30 Electrical Socket
 - Three-Prong grounding device
 - Supports charging up to 5.8 kW (dependent upon on-board charger capability)
 - Replaces the series supply cable for NEMA 6-50 electrical sockets
 - Recommended if adding 240V outlet over the standard 120V (NEMA 5-15R) outlet
- Supply Cable for NEMA 14-30 Electrical Socket
 - Four-Prong grounding device
 - Supports charging up to 5.8 kW (dependent upon on-board charger capability)
 - Replaces the series supply cable for NEMA 6-50 electrical sockets
- Supply Cable for NEMA 14-50 Electrical Socket
 - Four-Prong grounding device
 - Supports charging up to 9.6 kW (dependent upon on-board charger capability)
 - Replaces the series supply cable for NEMA 6-50 electrical sockets
- Vehicle Cable (25 ft)
 - 25 foot electrical cord to replace the standard 8 foot cable

918 Weissach Package Only

Mechanical

Brakes

- Weissach Package weight optimized brake system
- Brake pad backing plates in titanium instead of steel

918 Weissach Package Only

Exterior

Weissach Exterior Overview

- Side mirrors, roof, rear wing and windshield frame always in visible carbon fiber

Without Paint

- Only available with Weissach Package
- Only available in conjunction with Full Film Wrap in Matte Black
- Weight reduction by the omission of painting vehicle approximately 5 lbs

Full Film Wrap in Matte Black

- Only available with Weissach Package
- Available with or without solid/metallic or liquid metal paint finish
- Option of removing the foil if necessary

Film Wrap in Martini Racing Design

- Only available with Weissach Package
- Historical foil wrap design
- Derived from the 917 in Martini Racing Design (1971 winner of the 24 Hours of Le Mans)
- Available with or without solid/metallic or liquid metal paint finish
- Option of removing the foil if necessary

Film Wrap in Salzburg Racing Design Includes

- Only available with Weissach Package
- Historical foil wrap design
- Derived from the 917 in Salzburg Racing Design (1st overall victory of the 24 Hours of Le Mans 1970)
Available with or without solid/metallic or liquid metal paint finish
- Option of removing the foil if necessary

Without Full Film Wrap

- Only in conjunction with paint coat
- Paint finish in the requested solid/metallic color or liquid metal corresponding to the 918 Spyder

Aerodynamic Carbon Fiber with Polished Finish

- Standard with Weissach Package
- Only available with Weissach Package
- Flaps on air outlets behind front wheels
- Blades on side of rear fascia

918 Weissach Package Only

Interior

Weissach Interior Overview

- Weissach standard seats are covered in flame retardant seat upholstery
- All interiors have deletion of quilted fabric on rear wall behind seats
- All interiors have reduced interior sound proofing

Leather Interior "Weissach Package" Black with Piping in Acid Green/Silver with Flame Retardant Seat Upholstery

- Highly flame retardant material to FIA standard 8862-2009
- Covered in Onyx Black Leather
 - Dashboard (upper and lower section)
 - Door panel trim
 - Center console side panels
 - Leather items above door panel (A-pillar trim, roll-over bar trim, sun visors)
 - Steering wheel airbag module cover
- Covered in Flame-Retardant Fabric
 - Driver/passenger seat upholstery
- Covered in Black Alcantara
 - Center console armrest
 - Steering wheel rim
- Finished in Acid Green/Silver
 - 918 Spyder logo on driver/passenger seats
 - Decorative piping

Leather Interior "Weissach Package" Black with Piping in Acid Green /Silver with Alcantara

- Covered in Onyx Black Leather
 - Driver/passenger seats with embossed Porsche Crest
 - Dashboard (upper and lower section)
 - Door panel trim
 - Center console side panels
 - Leather items above door panel (A-pillar trim, roll-over bar trim, sun visors)
 - Steering wheel airbag module cover
- Covered in Black Alcantara
 - Driver/passenger seat centers
 - Center console armrest
 - Steering wheel rim
- Finished in Acid Green/Silver
 - 918 Spyder logo embroidered on driver/passenger seats
 - Decorative piping

Weight Optimized Interior

- Weight reduced door panels
- Fabric door release loop in Onyx Black
- Deletion of storage compartments (except with Burmester High-End Surround Sound System)
- Deletion of armrest
- Deletion of door release lever
- Deletion on quilted fabric on rear wall behind seats
- Reduced interior sound proofing
